Hello!

I'm using neo4j 1.9.9

Embedded

Here is my error log:

```
org.neo4j.kernel.impl.nioneo.store.UnderlyingStorageException: Unable to load position[45503670]
@[1501621110]
    at org.neo4j.kernel.impl.nioneo.store.PersistenceRow.readFullWindow(PersistenceRow.java:162)
    at org.neo4j.kernel.impl.nioneo.store.PersistenceRow$State$1.transition(PersistenceRow.java:114)
    at org.neo4j.kernel.impl.nioneo.store.PersistenceRow.lock(PersistenceRow.java:58)

    at org.neo4j.kernel.impl.nioneo.store.PersistenceRow.readFullWindow(PersistenceRow.java:157)
    ... 108 more
```

What can I do?

Thanks

Chris Vest

What operating system and file system are you using? "Input/output error" doesn't say much. Try asking your OS vendor as well.

Sorry for this.
It was the hard drive problem.

Closed.
