Neo4j Isuf: command not found at db server startup

T-Rex trying to manage his logs without Logentries

Get Logentries

@TRexTrying

I am getting an endless stream of errors (as follows) when attempting to start the database server - until I am stopping it with `CTRL + C` in the terminal. Does anyone have idea what is wrong?

```
$ rake neo4j:start
```

```
Starting Neo4j development...
db/neo4j/development/bin/neo4j: line 147: Isuf: command not found
db/neo4j/development/bin/neo4j: line 147: Isuf: command not found
db/neo4j/development/bin/neo4j: line 147: Isuf: command not found
db/neo4j/development/bin/neo4j: line 147: Isuf: command not found
^C
rake aborted!
Interrupt:
```

neo4j

I solved this after I added `/usr/sbin` to the `PATH`. Here it is: `levi$ echo $PATH`
`/Users/levi/.rbenv/shims:/usr/local/bin:/usr/bin:/bin:/usr/sbin:/Applications/Sublime`
`Text.app/Contents/SharedSupport/bin`
