# How do I install the Neo4j-spatial plugin?

▲

0

▼

★

Vanilla neo4j 2.2.0 install on a Ubuntu 14.04 system via their repository.

The instructions given on the neo4j-spatial website don't work. Does anyone have something that works no-questions-asked?

Is there some binary repository I can just apt-get install neo4j-spatial and not deal with this mess?

Thanks!

```
$ mvn install

The Neo4j-Spatial Project was updated and released for Neo4j 2.2

The readme was also updated with the new binary download links.
